Dear Sir or Madam:

Logan County Sheriff's Office DARE program brought the Power Wrestling Alliance to our area. During their visit, time was spent in some of our schools. Bellefontaine Middle School was fortunate to have Nikita Koloff come speak to the students and staff.

He started out in his professional wrestling character. He soon let us know he was just acting in character. He went on to tell us stories about those in the professional wrestling business who became lost in the exciting life style. A life style that was deadly for many men who Nikita knew. He told us how he made up his mind to change his life style. He wanted to be successful in life not just in the ring.

Nikita made a good impression on his audience that day. He had the attention of the students and staff alike. He was successful in delivering his message about the benefits of living a clean life style. He encouraged us not to fall into the traps of drugs including alcohol. I believe that he taught a lesson that will be in our minds for a long time to come.

I would encourage any school district that wants a highly motivational, positive message brought to their students to have this man in. He has a phenomenal message to relay to those who want to hear.

Respectfully,

Michael Hassel
Principal
Bellefontaine Middle School
