To whom it may concern,

We had the opportunity to share some time with Nikita Koloff and it was time well spent. He connected with our students and staff. I told him as he left that he would be a great teacher. He had a great introduction, he used interesting and meaningful examples to make his points and he reviewed them again at the end.

Enclosed in this letter are some comments from our students:

"He was very inspirational and very big!"

"The Russian Nightmare was a great speaker and added a lot of perspective to my life."

"I thought the Russian Nightmare had a good presentation. It was really helpful to a lot of people at our school. Everyone told me they liked it."

"I thought he was cool and he said the truth. A lot of people do not get truth."

"It was fun. I liked it!"

"He was encouraging."

"The Russian Nightmare is a very straightforward guy. I liked him as a speaker."

I have no reservations recommending Nikita for a presentation at your school. I'm sure his message will stick into the minds of our faculty and students for a long time to come. I would share his message with you, but I don't want to steal his thunder!

Sincerely,

Mike Burkholder
Northwestern High School Principal
